

Peasehall and Sibton Bowls Club.

Another successful year for the Bowls Club. We participated in three formal competitions doing well in all of them and particularly pleasing was retention of our place in the 1st division of the Saxmundham League. In other competitions we won more than lost and reached the final of the Sax League knockout cup only to be knocked out by Easton at an away match. However, it was a great result and something that the Club should be rightly proud of.

Individuals from the Club participated in a number of County competitions and did very well making sure that the Club maintained a decent profile in the local bowling community. The inter-club competitions were well supported and great fun, sometimes giving interesting results!!

The bowling green was in great condition during the season thanks to our dedicated green-keeper.

The Club is open to anyone wishing to join up or just have a go. All are welcome and once mastering the art through practice and a little coaching, will be given the opportunity to play in competitive matches. Membership increased slightly over the year but more people are always welcome especially youngsters.
